PORTFOLIO

Passionate and skilled Software Engineer with a keen eye for application design. Demonstrated expertise in developing robust software solutions using TypeScript and React, with a strong focus on integrating third-party programs and ensuring optimal functionality. Proven track record in troubleshooting, debugging, and upgrading existing software.

WORK EXPERIENCE

Software Engineer

Sep 2022 - Present

Topcon Positioning Systems | Espoo

Utilize TypeScript and React to design, develop, and test software solutions. Integrate software components and third-party programs to enhance functionality. Troubleshoot, debug and upgrade existing software to ensure optimal performance.

Software Developer

Apr 2021 - Aug 2022

Emmy Clothing Company | Helsinki

Developing applications using TypeScript and React, focusing on bug fixing and content management with Contentful CMS.

Full Stack Developer

Sep 2020 - Jan 2021

Integrify Academy | Helsinki

Participating in mobile application development by utilizing React Native, TypeScript, Redux, Contentful CMS, and AWS.

TRAINING PROGRAMS

Full Stack Development

May 2020 - Aug 2020

Integrify Academy | Helsinki

Acquired expertise in React, Material UI, JavaScript, TypeScript, Redux, Apollo Client, Node.js, Express, MongoDB, Mongoose, GraphQL, REST API, Docker, and AWS.

Full Stack Development

Nov 2019 - Apr 2020

Integrify Academy | Helsinki

Developed proficiency in HTML, CSS, SASS, BEM, Git, GitHub, JavaScript, React, Gatsby, Contentful CMS, Adobe Photoshop, Figma, and InVision.

LATEST PROJECTS

ProBlog Web App | [Link](#)

Fully responsive Progressive Web Application (PWA) designed and developed by myself using Figma. Implemented with Next.js, TypeScript, Tailwind CSS, Contentful CMS, and Firebase.

My Portfolio Web App | [Link](#)

Responsive web application, implemented with React, JavaScript, and SCSS. The web application serves as a comprehensive showcase of my work and expertise in web development.
